Changes in the dates of the SCAQMD's travel plans causes me to revise the scheduling request below. **We now request a meeting with Administrator Pruitt sometime during the week of March 27-30, (not March 20-23).**

Thank you,

Ladies and Gentlemen:

My client **South Coast Air Quality Management District (SCAQMD)** of Southern California is requesting a meeting with Administrator Pruitt sometime the week of **March 20-23** when SCAQMD's top people will be in town: Executive Officer and several elected Board Members. Appreciate if we can work something out for any one of those days.

SCAQMD is the largest state-regional agency of its kind in the nation, implementing EPA clean air regulations in one of the most populous and polluted (nonattainment) regions in the country that includes the 17 million residents of Los Angeles, Orange, San Bernardino and Riverside Counties. Attending the meeting would be **Wayne Nastri**, Chief Executive Officer (who served as EPA Region 9 Administrator during the WBush Admin.) and **Dr. Clarke Parker** (SCAQMD Board Member who met with Sen. Inhofe in DC on Jan. 19.) among one or two other Board members and key staff. This would be a get-to-know-you meeting to address mutual issues of concern in implementation of federal clean air regulations.

Appreciate if we can set a time for at least a 30-minute minute meeting anytime March 20, 21, 22 or the morning of March 23.

Thanks very much,

Gary
